Plain Square Brackets

$$\begin{bmatrix} 2 & 5 & 6 \\ 9 & 7 & 4 \end{bmatrix}$$

Parentheses Curly Brackets

$$\begin{Bmatrix} 1 & 6 & 8 \\ 4 & 2 & 3 \end{Bmatrix}$$

Pipes and Double Pipes

$$\begin{vmatrix} 7 & 8 & 9 \\ a & b & c \end{vmatrix}$$

$$\left\| \begin{vmatrix} 7 & 8 & 9 \\ a & b & c \end{vmatrix} \right\|$$

Trying to typeset an inline matrix here: $\begin{pmatrix} a & b \\ c & d \end{pmatrix}$, but it looks too big, so let's try $\begin{pmatrix} a & b \\ c & d \end{pmatrix}$ instead.
