

Matrix

June 23, 2026

Plain

$$\begin{bmatrix} 2 & 5 & 6 \\ 9 & 7 & 4 \end{bmatrix}$$

Parentheses

$$\left\{ \begin{array}{ccc} 1 & 6 & 8 \\ 4 & 2 & 3 \end{array} \right\}$$

Trying to typeset an inline matrix here: $\begin{pmatrix} a & b \\ c & d \end{pmatrix}$, but it looks too big, so let's try $\begin{pmatrix} a & b \\ c & d \end{pmatrix}$ instead.
